ENCLOSURE.

22nd December, 1938.

Dear Sirs,

E. I duly received your letter of the 15th instant, enclosing a plan showing modification to Pumping Arrangements in the s.s. "HALLADALE", in view of the conversion of the hold for sand carrying, and have to acquaint you that this plan will be approved, provided the arrangements be as shown and amended thereon.

I have to point out that since there is only one bilge suction provided between frames Nos. 34 & 65, it will be necessary for an additional suction to be fitted and it is suggested that one of the steam ejectors be connected to this suction, as indicated in red on the plan which is returned herewith.

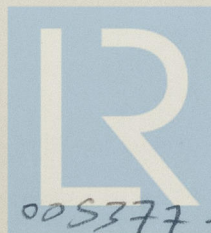

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE/TYNE.
