With reference to your letter of the 28th ultimo and to your First Entry Report No. 12848 on the steamer "ELISABETHVILLE" I have to request that you will forward a plan of the cargo doors if these are fitted in the shelter tween decks; you should also state whether the sheerstrake is doubled at the ends of the deckhouse amidships as approved, whether the riveting of the poop and forecastle side plating is as required and whether cargo battens are fitted in the shelter tween decks.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
