

of ANTWERP,

21st January 1922.

PATRICK DOUGLAS CROUDACE

the Builders, survey the T.S.S. "ELISABETHVILLE" of Antwerp, in order to ascertain the nature and extent of the damage stated to have been sustained whilst launching the vessel on the 19th May 1921.

On the 9th January 1922 and subsequent dates, the vessel then lying in dry dock at Antwerp, where she had been placed for examination and repairs, the undersigned, upon making examination, found damage and recommended repairs as follows:-

FOUND:

Aft length of starboard bilge keel Plate to be removed, faired set up.

RECOMMENDED:

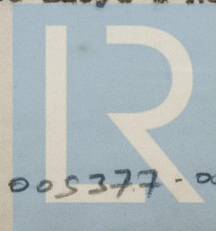

and replaced, and angle to be faired in place.

ALSO RECOMMENDED that these repairs be carried out in such a manner so as to place the vessel in the same good and efficient condition as she was in before the alleged damage was sustained.
