# Lloyd's Register of Shipping.

Port

Rio de Janeiro

14th December 1951.

This is to Certify that I have

surveyed the Twin screw steamer "RIO DOURO", of Rio de Janeiro

on the 25th July 1950 and subsequently, while the vessel lay  
afloat and in drydock at Rio de Janeiro during alteration and  
completion

and that I have transmitted to the Committee of Lloyd's  
Register of Shipping, London, a Report, stating that all repairs  
commended by me have been completed to my satisfaction, and

at I have Recommended that she be classed in the Register

Book of this Society with the Notation of A1, Launched 1944

Completed 1951-12, Fitted for oil fuel 12.51 F.P. above 150F,

for service between Trinidad and the River Plate and the fresh  
record of survey in drydock 12.51

ing fit to carry dry and perishable cargoes.

M. Caldwell

Surveyor to Lloyd's Register.

Water  
ertificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :—  
he Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed,  
derstood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be  
le for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register  
Publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member  
e Surveyors, or other Officers or Agents of the Society."
