LONDON.

Dear Sir,

Further to our letter of the 10th instant regarding our First Entry Report No.105889 on the Hull and Machinery of the Motorship "PALUDINA" we have to acquaint you that as Mr. Storie's return to this office will now be delayed owing to his going away for convalescence it has been thought well to forward the Report 13 on the electrical equipment. The forwarding of the plans however on the electrical installation will need to be delayed until Mr. Storie's return and we would call your attention to the letter addressed to you yesterday in regard to the Generator Test Certificates for this vessel.

Yours faithfully,  
THE SURVEYORS,
