

Lloyd's Register of Shipping.

95, Bothwell Street,

Glasgow, C.2. 9th September, 1942.

Dear Sir,

Reference

S.

In reply to the enquiry contained in your letter of the 31st ultimo regarding Greenock Report No. 21932 on the Steamer "EMPIRE MIGHT", I have to state that I have been in communication with the Greenock Surveyors in the matter and they now inform me "that the power has now been calculated in accordance with the instructions contained in London letter of 3.11.37, a copy of which has been obtained from the Glasgow Office. The total NHP is, therefore, 1370".

I have at the same time to state that the assumption contained in the latter paragraph of your letter that 2,500 is the total SHP for the two turbines is correct.

I may add that the Greenock Surveyors are rendering amended accounts for the fees based on the NHP given above.

I am, Dear Sir,

Yours faithfully,

Secretary to the
Glasgow Committee.

The Secretary,
WOKINGHAM.
