

WOKINGHAM COPY.

S

31st August, 1942.

Dear Sir,

With reference to Greenock Report No.21932 on the steamer "EMPIRE MIGHT", I shall be obliged if you will request the Surveyors to verify the NHP as, according to the particulars given, it should be 1372.

It is concluded that 2,500 is the total SHP for the two turbines reported in Glasgow Report No.65121.

I am, Dear Sir,  
Yours faithfully,

The Secretary,  
GLASGOW.
