Collingwood Buildings, Newcastle-on-Tyne, 1.

7th June, 1948.

Reference

S.

The Secretary,
LONDON.

Dear Sir,

In reply to the enquiry contained in your Classing Letter of the 4th instant respecting the Motorship "LABIOSA", we have to confirm that the thickness of the 7" stiffeners on the after peak bulkhead is .32" in this case as in the sister ship "LAMPANIA". We have also to confirm that the thicknesses of the bottom strakes of the stem plating is .56" as approved, and it is regretted that these points were not made clear in our report.

We are, Dear Sir,
Yours faithfully,
THE SURVEYORS,

per:-

M. Hunter
