

Ship's name

"COLWYN BAY"

Port

THR

No. 572.

22 AUG 1963

Last survey date 27/7/63.

Class is subject to:-

Screwshaft liner (worn) being specially examined by
10.63 (12 months limit) (Record withheld meanwhile).

Boiler has been under survey at Hull and a
Report is being forwarded. Await Report.

and re-examined.

In the meantime, advise Thorshavn Surveyor that
rivets in Boiler shell seams should not be over-welded
and, where repairs of the nature now reported are carried out
to the Boiler seams, the class of the vessel should be
made subject to the repairs being re-examined on arrival
at the home Port on completion of fishing voyage.
