Enclosure

27th January, 1959.

Dear Sirs,

s.s. "SHUN ON"

I enclose a copy of cablegram which was sent yesterday in reply to your enquiry of the 23rd, and in explanation would say that while the Committee will take no strong exception to the year of grace being exceeded by one month in the present instance provided you are satisfied as to the vessel's efficiency for that period, the Owners should be informed that this is the final postponement that can be agreed and that the survey must definitely be taken in hand by the end of March if maintenance of class is desired.

The Owners doubtless appreciate that the last load line certificate issued by this Society expired on the 14th January, and if they desire a further certificate to cover them until the end of March, it will be necessary for a Load Line Renewal Survey to be held before any certificate is issued.

Yours faithfully,

Clerk to the  
Classification Committee

The Surveyors,  
HONG KONG.
