H & F.

Dear Sirs,

Reverting to correspondence which took place between us in October last respecting the steamer "SICILIAN PRINCE", I shall be obliged if you will kindly let me know whether you are now in a position to furnish any further information in regard to the carrying out of the General Examination for maintenance of class and the Load Line Renewal Survey.

I may say that the Boiler Survey was commenced at Port Said in November last and subsequently advanced during the same month at Alexandria. ~~the vessel~~

The vessel will be entitled to a record of B.S. 11.45 when the Port and Centre boilers have been examined in their entirety and all safety valves adjusted.

I have also to refer you to my letter of the 16th November last respecting the renewal of the auxiliary condenser and the general service pump discharge valve chest.

Yours faithfully,

The Rio Cape Line Ltd.,
