Dear Sir,

s.s. BALTONIA - YOUR REF. "E".

Reverting to your letter of 9th June last, and our reply of the 10th June, we now wish to inform you that the Ballast Pump direct suction, has now been led to the starboard side E. R. bilge.

The same job has also been done on our s.s. BALTRADER, which ship has just been put through Classification survey at Hull. Your Surveyor at that port, Mr. Williams, was given copies of the above mentioned two letters, and requested, by the writer, to mention this work as being done, in his report.

Yours faithfully,

*R. S. Scott*  
 Superintendent.
