~~xx, Fenchurch Street, E.C. 3, London~~

RIO DE JANEIRO.  
29th November, 1946.

Dear Sir,

L.S.T. 3004 - Built by Messrs. Vickers

~~L.S.T. 3018~~ - Built by Messrs. Hawthorn Leslie  
-----

Mr. L.J. Lambert, a Consulting Naval Architect in this port, is acting on behalf of Sr. Fonte who has bought the above named vessels. The vessels will be towed out to Rio de Janeiro for completion to the approved plans, plus modifications which will be submitted for approval.

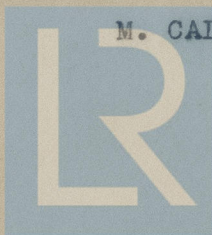

The Society's class is requested, with limits of trading between Trinidad and the River Plate.

I should, therefore, be glad to have particulars of requirements, fees to be charged etc. as soon as possible. The first of these vessels is expected to leave the U.K. about the first week in January 1947.

Yours &c.

M. CALDWELL.

The Secretary,  
LONDON.
