LONDON.

KOBE, 28th October, 1920.

RECEIVED DEC 2 1920

INSD

Dear Sir,

In reply to the classification letter of the 13th August regarding the steamer "SAMARANG MARU", I have to state that the riveting in butts of strake below the sheer-strake is quadruple for  $\frac{1}{2}$  L amidships and treble and the ends. The diameter of the rivets is  $\frac{7}{8}$ " and the spacing of same is  $5\frac{1}{4}$ .

The bridge deck has been sheathed with 3 x 5 OP.

I am, Dear Sir,

Yours faithfully,

*A. L. Jones*

The Secretary,  
LONDON.
