

COPY.

5th February, 1918

Dear Sirs,

With reference to your report No. 27147 on the machinery of the R.F.A. "TEAKOL", I shall be glad to learn whether the Bolinder Engines referred to therein have been constructed under the special survey of the Society's Surveyors as no report on the same appears to have yet been received at this office.

At the same time I shall be glad to learn the date of survey recommended for the machinery notation, as this has been omitted from your report.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

Secretary.

SUNDERLAND.
