H U L L.

Dear Sir,

"Precursor".

We have your favour of the 15th inst, and with regard to the above vessel, we do not know which ship this refers to. The name of our No 326 is "Ingomar" and possibly your friends in the North have got mixed with the name.

The Engines for No 326 as exactly the same as those of Nos 324 and 325, viz:- $\frac{11\frac{1}{2}-21-33}{24}$.

Trusting this information will be of use to you.

Yours faithfully,

Cochrane & Sons
