Reference

Dear Sir,

With reference to your query in the Classing Letter of the 20th instant, regarding Sunderland Report No. 30134 on the S.S. "GLAISDALE", I have to state that your conclusions are correct regarding the area of the safety valves; the area given on the report is for one valve namely 8.94 square inches.

The thickness of the screwshaft liner in the way of the bushes is the same as the thickness between the bushes namely $\frac{3}{4}$ " as noted on the report.

I am, Dear Sir,

Yours faithfully,

The Secretary,

LONDON.
