Survey Due 3rd Special Survey No. 1 due 11,39

Boiler Survey due 3,39

After repeated efforts had been made, through the Piraeus Office and later through the Society's Paris Office to obtain some definite information regarding the survey of this vessel, it was established that the Owner is resident in Paris and that he referred such matters to his Representative in Greece, Mr. Milanias of Piraeus.

Enquiry was then made through the Surveyors at that port who have now forwarded a translation of a letter from this gentleman intimating that the "ILONA" is at present laid up at Eleusis and that there is no present intention of chartering her.

He adds that in the circumstances he will advise the Society's Surveyors in due course as to what arrangements are made to submit this vessel to survey as required.
