The Clerk to the Classification Committee,  
Lloyd's Register of Shipping,  
LONDON.

Dear Sir,

With reference to your letter of the 27th. Feb. and my report No.3685 concerning m.s."RANSDORP", I have been in communication with the Sydney Office and have been informed that the Drawing Office of the Australian Shipping Board is preparing a pumping plan and that copies will be forwarded when received.

I have also been informed that there are no shafting plans in existence; the information given on the first entry form was obtained by measurement on the ship.

Yours faithfully,

*L. S. Hall*
