QUESTION.

ANSWER.

With reference to your report No 5441, I have to point out that this vessel's screw shaft became due for survey at the end of last month, and I shall be glad if you will ascertain and let me know what arrangements are proposed to be made for the requisite inspection to take place.

It will be observed that this vessel will also become due for Boiler Survey at the end of the present month, and I shall be glad to learn in due course what steps are proposed to be taken with a view to this inspection being held.

Date:— 11th October, 1927.

The vessel is due to arrive in Japan about the end of this month, when these surveys will be carried out.
