

NAGASAKI.

17th March, 1924.

Alex. S. Williamson.,

Messrs. Osaka Shosen Kaisha, attend on board the Steel Twin Screw Steamer "A F R I C A M A R U", of Osaka, on the 21st January, and 3rd, 6th and 17th March, as she lay in Nagasaki Harbour to test, examine and report on the Port and Starboard Deep Tank also the Fore Peak Tank being conditioned for the purpose of carrying a shipment of Wood oil in bulk.

The above mentioned tanks were tested under a head of water (also double bottom tank below deep tank) and found sound.

The Deep Tanks were finally examined on the 6th March, and the Fore Peak Tank on the 17th March. All were found to be clean free from rust paint scale residue and moisture and in fit condition to receive a shipment of Wood oil in bulk, subject to same being again examined at loading port.
