

N A G A S A K I.

20th March, 1924.

Alex. S. Williamson,

the Osaka Shosen Kaisha, examine the starboard propeller shaft of the Steel Twin Screw Steamer "A F R I C A M A R U" of Osaka, 9500 tons gross register.

The damaged liner of this shaft was removed, the shaft examined in lathe and found good, and a new continuous liner properly fitted to the shaft.

This shaft is now in its original good condition, and has been placed on board of the vessel as a spare shaft.

Mark on Shaft.
