Gentlemen:

Re SS "CHESTER" and "EDGEWATER"

We have for acknowledgment your letter of February 6 which refers to our changing of the classification on the above two named vessels.

We are pleased to advise that the treatment and service rendered by your Mr. Drummond of Cleveland, Ohio, while our vessels were in the classification of Lloyd's, was most courteous and well performed. We have no complaints whatsoever to make about Mr. Drummond. However, the reason for changing the classification of these two vessels was something beyond our control, and we are sorry to advise that the change will have to remain.

Yours very truly,

FORD MOTOR COMPANY
