"SAMUEL MATHER", "ROBERT HOESON" and  
"HARRY COULBY".

---

Dear Sir:

I am enclosing letter received from Pickands Mather & Company, stating that they wish to discontinue this Society's class on the above mentioned vessels.

In discussing the matter with the Owner's representatives, it would seem that the recent recommendations of Rear-Admiral E.S.Land of the United States Maritime Commission regarding classification, influenced their decision which I tried to have reconsidered especially in respect to the S/S "HARRY COULBY", but they said that as this company carried their own insurance, classification was not of much importance to them, further that it simplified matters to have American Bureau class only.

Yours very truly,

(Sgd.) G. Drummond.
