REC'D OCT 18 1920

ANS'D

Dear Sir:-

Enclosed herewith please find First Entry Report No. 826 on the Hull and Machinery of the S. S. "CITY OF VANCOUVER", Messrs. J. Coughlan & Sons Ltd., Hull No. 18, also copy of Interim Certificates (Hull and Machinery) Freeboard Verification Form, and Forging Certificates.

As pointed out in enclosed Machinery Report a copy of the Glasgow Report on the Fairfield Shipbuilding Company's Engine No. 543 now installed has not yet been received, which accounts for the dates of examination of some of the principal parts not being shown in the usual manner.

This vessel being a Sister Vessel to the S. S. "MARGARET COUGHLAN", and S. S. "INDUS" copies of plans are not being forwarded until such time as the sister Ship No. 19, now building is completed.

Yours very truly,

EE/JH

Encls.
