JAM & MARMALADE RATIONS

Mrs. Barwick is anxious to learn the feeling of the High Close Staff in the matter of the distribution of the preserve ration which at the present time is fixed at one pound per person per month.

Under prevailing conditions it is estimated that consumer month of preserves of varying kinds are of 24 lb High Close, as against a permitted ration of 18 lb per month - the additional 6 lbs. being made up from stocks in hand prior to rationing.

It has been suggested, however, that with a view to promoting a more equitable distribution, separate one
