TURKISH steamer "BOSPHORUS NO.69"

Special Survey No.1 due July 1914.

The survey was partly held at Constantinople in November 1914 and the report was received after war had been declared with Turkey. To complete the survey the bunkers require to be examined. The Surveyor reported that the equipment had not been examined and recommended the figure "1" to be expunged as in previous similar cases.

No information of vessel's position.

Vessel is classed for service on the Bosphorus & in the Sea of Marmora.
