August 12th 1910

The Secretary, Glasgow

Sir

In reply to the General Secretary's letter of the 11th inst. regarding Report No. 29167 on the S.S. "Bosphorus" No. 65, I beg respectfully to inform you that there are no feed or bilge pumps on the main engines, all the pumping being done by independent engines. The usual spare valves for these pumps have been supplied, also spare main & donkey check valves.

I am, Sir

Your obedient servant

H Gardner-Smith
