3rd April, 1922.

Dear Sir,

With reference to Glasgow First Entry report No. 41800 on the motor vessel "HAURAKI", I have to say that it is concluded that the spacing of the frame rivets in way of the 27th frame spacing is as required, but I shall be glad if you will kindly ascertain from the Surveyors and let me know whether this is so. The approved plan of the after end and boss framing should be forwarded to this Office for filing with the report, and I shall be obliged if you will kindly transmit the same with your reply.

I am, Dear Sir,

Yours faithfully,

Assistant to the Secretary.

The Secretary,  
GLASGOW.
