Dear Sirs,

Reverting to your letter of the 23rd ultimo respecting the electric light installation fitted on board the S.S. "NORTHQUAY", I beg to inform you that I am in receipt of a letter from the Society's Surveyors at Bristol stating that the installation has been examined under working conditions only and found satisfactory.

The Surveyors add that the wiring and fittings require to be examined and particulars of the same compared with the Society's Rules and reported upon. In the circumstances I shall be obliged if you will kindly make arrangements for the completion of the examination and advise this Office when and at what port the same can be carried out.

I am, Dear Sirs,

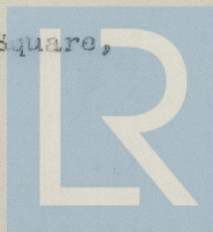

Yours faithfully,

Secretary.
