

LLOYD'S REGISTER,
LONDON.

8 FEB 1924

Enclosure

Lloyd's Register of Shipping,

49, Queen Square,

Bristol, February 7th, 1924.

Dear Sir,

We herewith enclose an electric light report on the S.S. "NORTHQUAY", which has been filled in by Messrs. Campbell & Isherwood, and forwarded to the captain of the vessel, who delivered same at this Office with a request that the installation might be examined.

We have, however, to state that nothing has been done towards the examination of the installation, (which is stated to have been fitted at Llanelly) with the exception that the machinery has been examined under full working conditions and found satisfactory.

No opportunity was afforded to examine the fitting of the installation and the workmanship or material at this port.

It will also be noted that no fee has been charged.

We are, Dear sir,

Yours faithfully,

John W. Wynne

The Secretary,
LONDON.
