The Boiler Survey of this vessel became due in April, 1922 and was partly held in December last. The survey of the screw shaft became due in September last.

In a letter, dated 25th ultimo, the Bilbao Surveyors state they are in receipt of an intimation from the Owner that he does not desire to maintain the classification of the trawler in the Society's Register Book.

In the circumstances the Classing Committee, who had the case before them on Friday, 8th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owner's request.
