The Annual Boiler Survey became due in June last.

In a letter, dated 17th instant, the Owners state that it is not their intention to maintain the vessel's classification in the Society's Register Book.

The Classing Committee had the case before them on Tuesday, 27th instant, and in the circumstances decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
