7th March, 1919.

Dear Mr. Fitzgerald,

A letter has been received from the Aberdeen Surveyors stating that Beardmores Engines No. 494 have now been fitted in the Strath Trawler "ISAAC DOBSON". Hull Report No. 30894 (Glasgow 38283) reports the fitting of these Engines in the Strath Trawler "THOMAS HAGGERTY". From your Progress Reports, however, it would appear that Beardmores Engines No. 495 were fitted in the "THOMAS HAGGERTY", and I shall be glad if you will kindly confirm this. The necessary alterations in the Reports will be made in this Office.

Yours truly,

(Signed) J. Carnaghan

Fitzgerald Esq.,

HULL.

Identification marks on shafts as per Hull Report No. 30894 are as follows:-

Crank Shaft

No. 775

J.E.

5.9.18.

Thrust Shaft 970 A.E.F.

Tunnel Shafts 969 A.E.F.
