

sp. "Royalite".

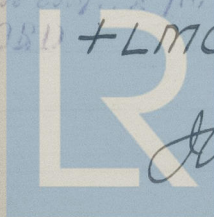

This vessel was built under Special Survey at Collingwood Ontario.

The machinery complies with the Rules except that no is made in the Report that the required spare gear was placed on board.

The Toronto Surveyors were requested to cable whether the spare gear was supplied as required by the Rules, and they now cable "Spare gear as required by Rules."

It is submitted that  
this vessel is eligible for

THE RECORD + LMC 616.

AWD.
