amidships, worn to .37, be dealt with and the Bridge side
plating when drilled be found satisfactory.

8 shell plates renewed, and repairs or
renewals effected to deck plating, bulwarks, hatchways,
casings, framing, fore peak tank top, in double bottom
and bunkers, shell riveting etc.

In reply to enquiry the Surveyors state
that the Owners have been advised and that the Bridge side
will be drilled at the next survey.

It is submitted action be deferred
