1st September 1921.

Dear Sirs,

With reference to your First Entry Report on the S.S. "ORSINO" ex "GERA", I have to state that the midship section of this vessel shows a longitudinal middle line bulkhead, and as it is not clear from the First Entry Report that one is fitted, I shall be glad if you will state whether there is a middle line bulkhead fitted in the holds in this ship.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
