1st July, 1921.

Dear Sirs,

With reference to Hull First Entry Machinery Report No. 32693 on the ex-German Steamer "GERA" now named "ORSINO", I have to acquaint you that it is observed that this vessel is about to proceed to Rotterdam where the survey of the machinery is to be completed.

Your First Entry Report on the Hull is not yet to hand, and I have to request that you will forward this document to this Office immediately on completion of your survey, so that the Society's Surveyors at Rotterdam may be advised of what remains to be done to complete the hull survey.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
