SHIP AND ENGINEER SURVEYOR

KOBE, 11th May, 1920.

The Secretary,
London,

Dear Sir,

In reply to the inquiries made in
the classification letter of 13th March, relating to Kobe
Report No.2639 on the steamer "YESAKI MARU" I beg to say that
the thickness of the forecastle deck plating is .24 as approved,
the tests of the stream wire and tow line are as required by
the Rules and the rivets in the transverse lugs to the shell
are spaced 5 diameters apart.

I am, Dear Sir,

Yours faithfully,

John Linn
