The Secretary,

London.

Dear Sir,

We beg to return herewith the first entry reports on the machinery of the S.S. "WULSTY CASTLE" with the particulars and July dates filled in as requested.

We are unable to obtain any information either here or at Hartlepool in regard to the rotor, pinion and wheel shafts, the particulars of which we think, might be in the possession of the London Surveyor.

The London report requires the Manufacturers signature.

We are, Dear Sir,

Yours faithfully

For The Surveyors,
