"Hertzia," Packhusplatsen 2,

Gothenburg, 8th August, 1924.

The Secretary,

London.

Dear Sir,

With reference to your letter of the 5th instant regarding Got. Freeboard Report No.5801 on the M.S. "CITY OF SAN FRANCISCO", Messrs. A.B. Götaverken's No.376, I have to state that 2½" litosilo is fitted on the main deck in way of the statutory deck mark amidships.

There is no camber on the main deck, the non-return valves fitted to the overboard scuppers from the main deck are fitted in substantial Braas castings and the channels for the weather boards at the openings in bulkhead at tonnage well are riveted to the bulkhead.

I am, Dear Sir,

Yours faithfully,

H. Thomsen
