Recd. 15 Mar. 1924

Ans.

LONDON

Dear Sir,

With reference to your letter of the 25th ultimo, respecting the steam trawler "CIMARRON", we have this day received a letter from the Owner of this vessel in which he states that the boiler survey will be carried out at Seville and we have instructed Sr. Luis Marquez to give the matter his attention and to forward his report to this office in due course. It is the intention of the Owner to dry-dock his vessel in Cadiz during the month of April or May and to carry out the Screw Shaft Survey and the Special Survey No.3. at the same time.

We are, Dear Sir,

Yours faithfully,

for the Surveyors.

The Secretary,
LONDON.
