The Special Survey No. 2 became due on this trawler in December, 1919, and letters were addressed from this Office on the 20th September and the 1st November to the Owners, to which no reply has been received.

The West Hartlepool Surveyors have also communicated with the Owners with the same result.

On the 14th ultimo, the Classing Committee decided that definite arrangements must be made for the survey to be carried out in order to the retention of the class, and the Owners were informed accordingly.

No reply has been received, and in the circumstances the Classing Committee, who had the case before them on Tuesday, 4th instant, decided to give instructions for the vessel's class to be expunged from the Register Book with a red line (        ), indicating non-compliance with the Society's Rules, of which decision the Owners have been informed.
