

POSTPONED SURVEYS.

Case of the Steel Sc.K "TIBURON" ex "NELLIE CRAWFORD"

No. *N 09258* in Reg. Bk. *246/118* tons, Built *1919-4 mo.*

Classed *+100 A1* *LHCY.19* Owners *E. Lescarret* see below
Stn. Harbor
4 19 Port of Registry

Survey due *X* Screwshaft survey due 7.22.

On the 23rd May the Committee deferred consideration of this case for a time in view of the Cadiz Surveyors' intimation that they were unable to get a reply to letters addressed by them to the late Owner regarding the above survey.

On the 19th ultimo the Cadiz Surveyors wrote they had ascertained the vessel had changed hands, and was owned by Don Ramon de Carranza, of Cadiz, and was engaged in fishing from the port of Seville. They added they were in communication with the new Owner regarding the above survey and would advise this Office as soon as his reply was received.

In the circumstances the Committee deferred consideration of the case for a short time, pending the receipt of a further communication from the Cadiz Surveyors in the matter.

A letter has now come to hand from the Cadiz Surveyors in which they state they are informed by the Owner that as this is the height of the season in the fishing trade, he does not propose to lay the vessel up until about October, and ^{Surveyors add} ~~the~~ he drew attention to the fact that the vessel is a new one and suggested that this circumstance might be considered in connection with the survey of the screwshaft.

(N.B. It may be observed that the Special Survey No.1 will become due at the end of the present month.)
