Enclosure.

Dear Sirs,

With reference to the classification in this Society's Register Book of the Steam Trawler "RIO TEJO", I beg to remind you that the Boiler and Screw Shaft Surveys became due at the end of March and October 1916 respectively, while the Special Survey No. 2 became due at the end of March 1918, and in order to entitle the vessel to retain her class it will be necessary for the Special Survey to be held, or for a General Examination to be carried out, including the survey of the Boiler and Screw Shaft, in accordance with the terms of the accompanying Circular Letter.

I shall therefore be glad to learn for the Committee's information what steps you propose taking in the matter.

I am, Dear Sirs,  
Yours faithfully,

Secretary.
