Dear Sir, Steam Trainers "RIO VOUGA" "RIO MINHO"
"RIO TEJO" "RIO ZEZEZE"

I regret to note that you should have had to refer to this
matter again in your letter of the 16th instant. I have been
waiting to get a written reply to my letter from the Owners of
these trawlers regarding same, but without success. They simply
state that they intend to put them in Veritas as Veritas people
do not bother them and very seldom if ever go on board, which
evidently suits their purpose.

I am, Dear Sir,

Yours faithfully,

Signed:- Geo. Payne.

Andrew Scott. Esq.,

Secretary.
