REC'D
ANS'D

Greenock, 30th September 1913.

Reference

E

The Secretary,
London.

Sir,

In reply to your letter of the 29th inst
regarding the strength of the Boiler shell plates
for the S.S. "Tokushima Maru", I beg to say that the
minimum strength of these plates is 28½ tons per
sq. inch.

I am

Your obedient servant

Wm. Austin.
