29

Greenock, 26th, September 1913.,

Sir,

Referring to your letter of the 25th., instant, regarding the First Entry Report on the Machinery of the s. s. "TOKUSHIMA MARU", I beg to state that the correct heating surface of the Main Boilers is 8550 square feet, and the tensile strength of the shell is  $2\frac{1}{2}$  tons minimum.

The figures given in the Report were taken by a clerical error from the Boiler plan first approved.

I am, Sir,

Your obedient Servant,

*Wm R. Austin*

The Secretary.

LONDON.
