The Secretary,  
London.

Dear Sir:-

In reply to your letter of the 14th instant regarding steamer "HORACE S. WILKINSON" I have to state that this vessel is now employed, and that the Special Survey requirements have not been carried out. According to information received from the owner's representative, they are not desirous of continuing the classification of the vessel in the Register Book.

I may say that I advised the New York Secretary of the owner's decision on the 7th instant.

I am, Dear Sir,

Yours faithfully,

*S. Drummond*
