The Boiler Survey became due in the case of this
Steam Trawler in May 1921.

In August last year the Owners requested that
the classes of all their vessels should be withdrawn from
the Register Book as soon as they became due for survey, and
in view of this, the Classing Committee, who had the case
before them on Friday, the 24th instant, decided to give
instructions for this vessel's class to be withdrawn from
the Register Book, and three dots (...) inserted in lieu,
indicating withdrawal of class at Owners' request.
